Child Support Enforcement Division

January 14, 2026

NOTICE – ELECTRONIC PROCEDURES

Please review our website for information concerning the AK PFD intercept.

<https://childsupport.alaska.gov/child-support-services/information/pfd-information>

What is the Alaska Permanent Fund Dividend (AK PFD)?

Every year eligible Alaskans receive an AK PFD. The amount of the payment has ranged from a low of \$331.40 in 1984 to a high of \$3,284 in 2022. Applicants must meet the criteria as set in AS 43.23.005 and AS 43.23.008 to be eligible for the AK PFD. Some criteria to receive the 2025 PFD include:

- Applicant must have been a resident of Alaska prior to January 1, 2025.
- Applicant must be a US citizen.

Alaska Child Support Enforcement Division (CSED) collects millions of dollars each year from obligors who have applied for the AK PFD and owe child support arrears. These funds are collected for both Intergovernmental and Domestic cases. The Permanent Fund Dividend office only accepts withholding orders issued by Alaska CSED. As a result, other states must utilize Alaska CSED's services to collect these funds.

Purpose of the Permanent Fund Dividend Only (PFDO) Project

Alaska receives a large influx of requests from other states to set up a case solely for the purpose of collecting the AK PFD, which significantly impacts our agency during the months of June through October. CSED refers to these cases as PFDO cases.

Application Process

Case submission requirements:

- One case at a time.
- Electronically.
- PDF format.

***Do not send paper transmittals or orders, they will be returned.**

Send your transmittals and orders through one of the following:

- FPLS Electronic Document Exchange
- Email to dor.csed.pfdo@alaska.gov

- All requests from your state MUST be received by Alaska no later than **Friday, June 26, 2026**, to ensure set up and collection of the AK PFD. If submitted past this deadline, your request will be returned to you unprocessed.

Required Documents

- Child Support Enforcement Transmittal #1 with the appropriate areas completed.

[Example Transmittal](#)

 - Do not send a PFDO transmittal if there is an open case between Alaska and your state. AK PFD interception is automatically pursued on full enforcement cases that meet the criteria.
 - Be sure to fill in the amount of debt and the period of computation.
 - A certified month-by-month debt calculation is only required if the obligor disputes the debt. Alaska will contact you if this occurs.
 - If your state has applied for a PFDO case previously for the same case parties, be sure to provide the previous Alaska PFDO case number on the transmittal.
 - All cases must have an arrears balance of at least \$50.00 to qualify for this garnishment. Any requests below \$50.00 will be returned to you.
 - Direct phone number of the child support contact in your state.
- A copy of the signed order or judgment.
- A CSENet transaction prior to sending documents if your state is CSENet active.
 - Indicate “PFD Only” on the CSENet transaction.
- Client confidential sheet.

Following these instructions will simplify the application process. Through collaboration, states can maximize PFD collection and more effectively support the families we serve.

Closures

- The closure process will begin after the PFD is intercepted and forwarded to your state, or after confirmation that the obligor is not receiving an Alaska PFD.

Data File Submission

May 29, 2026

- You must provide the obligor data, for matching to AK PFD, by the last business day of May. Earlier submission can make the process faster and more efficient.
- Send an email to dor.csed.itsupport@alaska.gov to notify us that your matching data request file is ready on your secure server or arrange to send the file in another secure manner (see contact information below).
 - Refer to our web link for the appropriate data file submission specifications.
 - **There are no changes to the submission specifications for the 2026 PFDO project.**

- It is critical that your data is submitted according to the specifications provided. Files not submitted in the required format cannot be matched to the AK PFD database.
- It is anticipated that your state will receive the return match file by June 10, 2026. Once your state receives the match file and determines which obligors qualify for the AK PFD project, you may begin submitting your requests.

Advance Notice — 2027 PFDO Project

- Alaska CSED will implement new data file submission specifications for the 2027 PFDO project.
- The new specifications will be available beginning **June 5, 2026**, allowing sufficient time to make any necessary system changes and prepare for the 2027 submission.
